

Improved Online Banking

Same trusted features with a new look

InterBank's Online Banking system has been upgraded with a new "Look and Feel". You will still have access to all of the same features, including the ability to transfer funds, view account balances and history, view E-statements, make Bill Payments, and more.

Your Username and Password did not change, and any scheduled transfers, Bill Payments and Alerts previously setup will continue to process.

Noticeable changes:

- ✓ "Today's Transactions" you are used to seeing on the front page will now be viewed by choosing your account from the list of Accounts on the home screen. You can also click the 'Edit Accounts' button to add nicknames and change the display order of accounts.
